Full-Stack Developer with 20 years of expertise in legal and technology sectors, specialized in the digitization of documents and team collaboration. Adept at translating complex ideas into high-performing web applications with a strong foundation in both front and back-end technologies. Proficient in using modern development tools and frameworks, with a focus on writing clear, efficient, and scalable code. Skilled in full project lifecycle management, from ideation to deployment.

TECHNICAL SKILLS

Front-End Development:

- Languages/Technologies: HTML, CSS, JavaScript, Ruby
- Testing: Code linting, accessibility testing, unit testing (Jest), integration testing (Cucumber), end-to-end testing (Puppeteer)
- Frameworks/Libraries: jQuery, Node.js, Redux, Bootstrap, Vue.js
- UX/UI: Responsive design, modals, and touch interactions
- Development Practices: Test & Behavior Driven Development (TDD/BDD), continuous integration/delivery (CI/CD), functional & object oriented programming
- Mobile Development: React Native, Expo, Progressive Web Apps (PWA)

Back-End Development:

- Languages/Technologies: Node.js, Express.js
- APIs: JSON, RESTful APIs, Postman
- Databases: PostgreSQL, MongoDB
- Authentication: JWT, middleware-based authorization
- Cloud Services: AWS, Google Firestore, Netlify, Heroku, GitHub Pages

Development Tools:

- Version Control: Git, GitHub
- IDEs: Sublime, Atom, and Visual Studio Code
- Collaboration Tools: Trello, Slack, Zoom, Meet and Skype
- Debugging: Chrome Dev Tools, Android Studio

EDUCATION

- **Learning Golang** – [Udemy.com](https://www.udemy.com/) (03/2024 - 05/2024)
- **Learn to Code with Ruby** – [Udemy.com](https://www.udemy.com/) (01/2024 - 03/2024)
- **Full-Stack Web Developer** – [CareerFoundry](https://www.careerfoundry.com/), Berlin (10/2022 - 11/2023)
- **Juris Doctor** – GGU School of Law, San Francisco (08/2010 - 05/2013)

LANGUAGES

- **Native:** English, Spanish
- **Proficient (C1):** German, Italian
- **Intermediate (A2):** Catalan

PROJECT HIGHLIGHTS

myFlix — Web App (05/2023 - 07/2023)

- Designed and implemented a non-relational MongoDB database to store movie information, including descriptions, director details, and release dates.
- Developed a REST API with Node.js and Express using Mongoose for database interaction, and deployed the application on Netlify.
- Utilized Postman for testing API endpoints and wrote detailed documentation for seamless user integration.

ChatApp — Progressive Web App (07/2023 - 09/2023)

- Built a cross-platform, offline available PWA using React Native, allowing users to display event lists and charts from Google calendar;
- Employed Test-Driven Development (TDD) for unit and integration testing with Jest, Cucumber for acceptance testing, and Puppeteer for end-to-end testing.

PROFESSIONAL EXPERIENCE

Full Stack Developer, twrk, Inc., Moreno Valley, CA — 06/2024 - Present

- Spearheaded development, testing and deployment of TWRK tools using cutting-edge technologies that will revolutionize job search processes across the United States.

Full Stack Developer, Quote Machine, Cape Cod, MA — 06/2024 - Present

- Helped to design and implement a relational database schema, developed and maintained APIs, and contributed to automation with shell scripting for database backups and reports.
- Worked on full-stack technologies including HTML, CSS, JavaScript, React, Node.js, MySQL, JSON, Git, GitHub, and integrated AI-driven tools for rapid deployment.

Spanish Teacher, Renée Sintenis Schule, Berlin, DE — 11/2023 - Present

- Developed interactive learning materials for students in grades 1-6, fostering an inclusive environment that bridges cultural and linguistic divides.

Legal Advisor, ReviverMX, San Francisco, CA — 06/2013 - 06/2020

- Advised the tech startup on corporate structuring and managed legal filings, reducing liability and improving operational efficiency.
- Negotiated early resolutions for contractual disputes, ensuring favorable outcomes for the company.

Associate Attorney, Hanna Brophy, Oakland, CA — 06/2015 - 09/2018

- Managed over 150 active legal claims/cases, leading daily communications with clients and opposing counsel. Trained claim adjusters to improve legal claim resolution strategies, reducing overall liability, and negotiated early resolution of disputed claim files.

Law Clerk, Offices of M. Randle, San Francisco, CA — 06/2013 - 05/2015

- Supported litigation processes by handling electronic file management, client communication, and drafting legal pleadings and discovery requests/responses for a solo-practitioner.
